EXTERNAL:

Hi Vivian:

FYI, Denny Cordero is my DTSC contact for PV Shelf.  
I sent the email to my "regulatory agency" group yesterday as a heads up.  
You may find it interesting.  
Also, I know NOAA MSPR also gave or will be giving briefings to the same entities.

Hi All:

By now, you have probably read/heard about the LA Times article on PV Shelf and waste drums that Professor Valentine from USCB found in San Pedro Basin.

I just want to give you a heads up that we have so far provided briefings to:

1. Senator Dianne Feinstein's staff
2. Congressman Alan Lowenthal's staff
3. Congressman Ted Lieu's staff\*
4. Congresswoman Nanette Diaz Barragan's staff\*
5. LA County Supervisor Janice Hahn's staff

\*Congressman Lieu and Congresswoman Barragan's staff participated in our scheduled call with Congressman Lowenthal's staff.

It is likely that they will or have already asked your agency for a briefing/discussion.

Thanhloan, WB has a high probability to be contacted by their offices since the LARWQCB issued the original ocean disposal permit.
